

THE PLACE TO BE BETWEEN LAKES AND MOUNTAINS

An exceptional environment for studying: come and enjoy it!
Polytech Annecy-Chambéry is located in the French Alps region, the second most popular tourist destination and the second strongest economic region in France, it is known world-wide as a top site for innovation.

INTERNATIONAL MOBILITY

Our geographical location on the Swiss and Italian borders naturally reinforces the international vocation of our graduates.
100% of students go abroad, either during an internship or during a study semester, thanks to a network of more than 85 partner universities.
Polytech actively participates in the ERASMUS PLUS (Europe) / BCI (Canada Québec) / ORA (Canada Ontario) / ISEP (USA) programs.

THE PROVEN CULTURE OF FRENCH ENGINEERING EXCELLENCE

Adrien BADEL
Director of Polytech Anancy-Chambéry

« Polytech Anancy-Chambéry trains the engineers of tomorrow:

- open to the world and capable of working in an intercultural context thanks to the school's international partnerships,
- able to respond to current and future socio-economic issues thanks to our strong links with companies,
- ready to take up the challenges of a world in transition thanks to an education based on research conducted in the school's laboratories. Together, we will meet the challenges of digital, energy and environmental transitions. »

POLYTECH ANNECY-CHAMBÉRY IS PART OF:

THE POLYTECH GROUP

THE UNIVERSITÉ SAVOIE MONT BLANC

THE EUROPEAN UNIVERSITY UNITA

THE POLYTECH GROUP OF FRENCH UNIVERSITY SCHOOLS OF ENGINEERING

THE LARGEST NATIONAL NETWORK OF GRADUATE SCHOOLS OF ENGINEERING IN FRANCE

The Polytech Group is a national network of within France's leading science universities.

These 15 schools award the French "diplôme d'ingénieur" (equivalent to an MSc. or an MEng.) which is a national diploma recognized by the French Ministry of Higher Education and Research.
