## APPLICATION to the MASTER of SOLAR ENERGY PROGRAM

You have applied to the Solar Academy master:

- Curricula SoLEM Solar energy, Law, Economics and Management
- Curricula ESBC Energy for Solar Buildings and Cities

You have applied on:

- Campus France
- E-candidat

### List of documents:

- Application form
- Curriculum Vitae with detailed record of higher education, awards and distinctions
- Academic transcripts (from high school graduation to Bachelor's degree) grades and, if possible, rankings,
- Personal statement, typically between 500 and 1000 words. Your personal statement should answer the question: "What is your interest for the Solar Academy Master's program and for the research areas covered by the Graduate School?",
- Two or three letters of recommendation from a professional or academic reference are required. Letters should speak to your capacity for completing a graduate program. References from education or research related organizations and/or experience are highly recommended.

**All documents must be translated into French or English  
and sent before 17/05/2021 at [solar.academy@univ-smb.fr](mailto:solar.academy@univ-smb.fr)**
