Online platform ZOOM

www.univ-smb.fr/solaracademy/

MASTER SOLAR ENERGY: ENGINEERING AND ECONOMICS (S3E)

2 Programs

- Master Solar energy, law, economics and management (**SoLEM**)
- Master Energy for solar buildings and cities (**ESBC**)

2 schools of Université Savoie Mont Blanc

- Polytech Annecy - Chambéry
- Institut d'Administration des Entreprises (**IAE**)

OPEN DAYS

The Open Days are dedicated to prospective Master students from all over the world, interested in getting first-hand information to joint master's degree program Solar Energy: engineering and economics (S3E).

These open days are an opportunity to meet current students, professors, and to learn about the S3E master's program (training, procedures, requirements, professional and research opportunities, campus life...).

Registration

Admission is free.

Please fill in the compulsory [online registration form](#)

Deadline registration

13 March, 2022 at noon (for the 14 March Open Day)

07 April, 2022 at noon (for the for the 08 April Open Day)
