BROADEN YOUR HORIZONS

WHY CHOOSE UNIVERSITÉ SAVOIE MONT BLANC ?

Studying abroad is about more than just acquiring knowledge. It's about experiencing a new way of life, broadening your horizons and making your dreams come true.

BY COMING TO UNIVERSITÉ SAVOIE MONT BLANC, YOU ARE CHOOSING A UNIVERSITY THAT SUITS YOU

Small enough to feel warm and friendly, with personal tutors, intimate classes and low student-teacher ratios, a range of student health and welfare services...

Priority is given to the student's academic achievement and professional orientation. This can be seen through our student-centred approach and our adaptation of course timetabling to suit the training needs of high-level sports competitors. As for specialists in the performance arts, the staff support personalised study projects, including any subsequent modifications which a change in direction might require.

The university provides specialised support for its international students to help them with their administrative requirements and integration.

Student clubs and local communities organise a wide range of activities and events, so it is easy for students to get together and make new friends.

Big enough to provide outstanding extra-curricular opportunities...

Université Savoie Mont Blanc offers you a wide range of programmes and courses. Whatever your area of interest, chances are we have a programme of study for you!

Université Savoie Mont Blanc pays special attention to the international recognition and adaptability of its degrees. Whatever subject you study, we focus on giving you up-to-date knowledge and real-world experience so you'll be able to launch into your chosen career after graduating.

Université Savoie Mont Blanc will provide the founding stones on which to build a successful career. We aim to take you one step further by providing courses that focus on what employers want, giving you the chance to gain workplace skills and work experience, and get ahead of the competition.

INTERNATIONAL SEMESTERS

An international semester is a semester proposed by Université Savoie Mont Blanc entirely taught in English, to give you the opportunity, whatever your nationality, to study in France but in English.

You will take courses of non-linguistic disciplines in English in order to improve your oral expression and comprehension of the English language, to increase your confidence and fluency, and to acquire a specialized vocabulary. These semesters favour the creation of multicultural work environment and exchanges, instructive for both students and teachers.

Multiple benefits of these semesters:

- ▶ an English-speaking context that will make you improve your linguistic level and increase your chances to enroll in international universities, high schools or find a placement abroad.
- ▶ an international context leading to the discovery of new work methods and other ways of thinking
- ▶ broadening cultural, scientific and technological knowledge of students and teachers.

More information on our international semesters:

<https://www.univ-smb.fr/international/obtenir-un-diplome-international/formations-en-anglais/>

COURSES TAUGHT IN ENGLISH

these degree courses for which English is the first and only teaching language are proposed by Université Savoie Mont Blanc.

Benefits of these courses:

- ▶ diplomas recognized in France, giving you the opportunity to make an internship or to work in France
- ▶ a real added-value on your CV!

More information on our courses taught in English:

<https://www.univ-smb.fr/international/obtenir-un-diplome-international/formations-en-anglais/>

OUR DOUBLE DEGREES

A double degree programme consists in a period of study in the partner university abroad and a period of study at the Université Savoie Mont Blanc. At the end of the programme, you get 2 national diplomas delivered by each of both universities.

An important added-value for your future professional life:

- ▶ a deep knowledge of the culture and the language of the partner country
- ▶ an international dimension on your CV
- ▶ the award of 2 diplomas in 2 or 3 years (Postgraduate or graduate), whereas it would take twice as long in a standard programme.

More information on our double degrees:
