Host university	UNITA partner 1	UNITA partner 2	UNITA partner 3
University of the West			
Program			
Title : Together for sports and a healthy lifestyle @UVT Liberty Marathon			
Short description:			
<p>UVT Liberty Marathon set out as a manifesto of running which makes us different, unique, which sets us free. It is a competition for experienced runners, but also for young people or children who experience running in a marathon for the first time.</p> <p>UVT Liberty Marathon is an experience which was built up with energy, effort and a lot of motivation, in a community where each one does one's bit. Together, we carry on the notion of liberty.</p> <p>UVT Liberty Marathon is, besides a competition, a community. A community of people who want to experience freedom and leave their mark in their community.</p> <p>Besides the actual sports competition, we organize a festival area, where runners and supporters alike can listen to music and engage in various activities offered by our partners. The goal is to promote UNITA in this area and to give access to international experiences to the runners (kids, youth, adults) and their supporters.</p> <p>The BIP involves organizing and coming up with original ideas for the UNITA presentation booth at UVT Liberty Marathon and for the UNITA activities that are part of the marathon route. The UNITA presentation booth will be setup on the 1st of October for the day when participants pick up their competition kit. On this day the organizers of the event will also hold a small concert and the customary pasta party for the runners. The booth will continue to be set up on the 2nd of October.</p>			

The activities on the route will take place on the 2nd of October (competition day).

The team will work together to ensure that everything runs smoothly on the days of the event. The objective is to bring people together and encourage people to take part in sport and lead a healthier lifestyle.

The team involved will have a 1,000 euros budget in case needed for organizing the activities.

The working environment for the two days of activities is outdoors in all weathers.

If you love being a part of the community, let's join our forces and give our participants an unforgettable experience.
